At last The Anvil Herald has fallen a victim to the "flu." This inconvenience did not exactly visit any member of The Anvil Herald force, but The D'Hanis Star, a protoge of The Anvil Herald, got into trouble on account of Miss Maggie Langfeld, the lady having The Star in charge, being stricken with the prevailing malady. This necessitated a division of The Anvil Herald force and this in a measure will account for the late appearance of this paper again today. We trust conditions will become normal again soon and The Anvil Herald will be able to make its appearance on schedule time.

laughed at him. That night they took him to the hospital and he died there. I sure feel sad about it, for he was awful good to me.

Dear brother we practice shooting every day, and am expecting to go to the front real soon. We stayed out on a farm for awhile, in a barn. They had geese and ducks, and I felt just like I was at home. But we left and now I guess we will go to the front soon. It will be hard but it can't be helped. I have to take it as it comes. I don't believe that I will ever get back to Texas until I get in a battle.

I have had another pay-day but I only got half of my money. I don't know what to do about it.

I tell you everything is sure high here. If you want to eat two eggs they will cost you forty cents—that is, two francs.

Thanksgiving Services were held at the Catholic Church on Thursday morn-

ing. High Mass was sung and after the Gospel Rev. F. Paliache preached on the duty of Thanksgiving for the many blessings received during the year: of peace, of freedom, of prosperity etc. After Mass, Benediction of the Blessed Sacrament was given, and the services closed with the singing of the hymn of Thanksgiving—“Holy God, we praise Thy Name.”

In spite of muddy roads there was a good attendance.

Elsewhere we publish a review of “Productive Sheep Husbandry” and in another column a display advertisement of “Productive Beekeeping.”

These are attractive books belonging to a series published by the J. B. Lippincott Co. They should be in the home of every farmer throughout the land.

When one observes the absence of good books, books dealing with the farmers' business, from the farmers' homes it is small wonder that our brightest boys and girls too often drift away from the farm, the place where needed most.

Get these books or others of equal merit from the same series, and encourage their reading around the hearthstone these long winter evenings.

Lady Hestand, a pedigreed registered Duroc Jersey pig, arrived Saturday night from the Duroc Jersey Breeding Farms of J. C. Hestand & Son, Sherman, Texas, and will make her home during good behavior at the Anvil Herald family's piggery. We don't profess to know any thing about hogs, except that we learned when a boy that razor backs are hard to catch, and we are wobbling on older legs now, hence our selection of a breed with less sprinting abilities. What we started out to say is, we want all of the hog critics to call and see the pig and give us pointers on how to make her live up to her pedigree. It may be interesting for you to know that all of her litter mates were sold for \$15.00 each, and if any one wonders how a pig just remember—Now is the time to subscribe. By the way, besides being a breeder of hogs of Lady Hestand's kind, Mr. Hestand is the live Stock Specialist of the State Department of Agriculture. He is author of a valuable bulletin on Swine Growing which will be sent any one free of charge on application to the Department at Austin. But, if you want one of his pigs you must have the price.

Meanwhile let it rain.

### The Weather.

The weather for the past week has been of various and sundry kinds. The last days of last week and the first of this week the weather was cold and cloudy, developing into quite a snow-storm last Friday night, the earth being wrapped in a mantle of white Saturday morning. Snow continued to fall at intervals throughout Saturday, but as the ground was warm the snow melted about as fast as it fell.

The clouds continued to obscure the sun up to late Wednesday afternoon, showers falling intermittently during the six preceding days and nights. Early risers Thursday morning witnessed one of the heaviest frosts ever seen in this section.

The weather has been rather hard on stock—and people—who are not

used to this kind of weather, but is

fine on the oat crops, which never

looked more promising at this time of year, and indications now are that the

picnic the feed profiteers have been

enjoying is drawing to a close.

The first frost of 1917 occurred on

the 16th of October, while the first ice

formed on the 27th of the same month.

The first frost this year occurred on

the morning of November 18th, one

month and two days later than last

year, and too, it was so light no damage

was done to the tenderest vegetation.

In fact the heavy frost and

hard freeze of Thursday morning ap-

pears to have done but little damage,

probably due to the excessive moisture.

Meanwhile let it rain.

(Lippincott's Farm Manuals.)

J. B. Lippincott Co., Publishers.

The growth of the sheep industry,

and its change from the early condi-

tions of free range to the enclosed

land and farm flock methods, have

brought it within the scope of multi-

tudes of farmers and small holders, and

have rendered a scientific and thorough

knowledge of the subject essential to

success on the part of all who deal

with sheep. Rough and ready methods

answered well enough when the sheep

had free range over large tracts of

land; disease and malnutrition did not

affect them so readily as under intensive

methods of sheep breeding; they

required comparatively little care.

With the closing in of ranges and sub-

division of the land, information on

the best system of caring for flocks is

eagerly sought.

In "Productive Sheep Husbandry,"

the latest issue in the Lippincott Farm

Manual Series, Walter C. Coffey, Pro-

fessor of Sheep Husbandry in the Uni-

versity of Illinois, has gathered to-

gether invaluable data on the most

successful methods and practices of

the sheep industry, and put this knowl-

edge in clear and systematic form,

easy to refer to and to understand.

He has illustrated his book with a re-

markable series of illustrations, as

helpful as the text.

Part I. History of sheep raising and

of Sheep Breeding. Covering the de-

velopment of sheep raising and the

present types of sheep in the great

## 58 JEWISH WORKERS GOING "OVER THERE"

Col. Barker Bids Godspeed to the Graduates of Training School.

The whole-souled co-operation between the seven great organizations working for the happiness and welfare of our soldiers and sailors was recently illustrated at the graduation exercises of the tenth class of the Jewish Welfare Board's Training School in New York. Col. William S. Barker, who went to France representing the Salvation Army with the first contingent of our troops and has been "over there" fifteen months, was the principal speaker and wished the fifty-eight Jewish workers of the class Godspeed, while Louis Marshall, the prominent Jewish attorney and philanthropist of New York, landed the work of the Salvation Army among the boys at the front.

"What our fighting boys need is inspiration and heart and character in those who are there to help them," declared Col. Barker. "You will represent in the camps and overseas the ideals and standards of the Jewish faith, and it is up to you above all things to be consistent in your religious practices. Practice what you preach. That, I am sure, has been the secret of our own success. If you live up to the principles of your faith and give what you have to give from a heart big with love, the boys will respect you, whether they be Protestant, Catholic or Jew."

The newly graduated field workers will make a total of 260 men doing field work in our camps and naval training stations under the auspices of the Jewish Welfare Board. The Board has about fifty "huts" in the various camps and maintains centers in all large cities where soldiers and sailors of all faiths are welcomed. A headquarters has recently been established in Paris, and 100 men are being recruited here for overseas work. There are now nearly 125,000 Jews serving in the army and navy.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERBINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Sold by W. H. Windrow.

## GIVE W. S. S. FOR XMAS PRESENTS

"Give War Savings Stamps for presents this Christmas instead of the kind of presents that you usually give," is Uncle Sam's request this year. He further asks that Christmas shopping for War Savings Stamps be done early.

Every War Savings Stamp given as a Christmas present this year helps the Government to feed and clothe American soldiers in Europe and the person who receives the gift becomes the owner of a valuable Government Bond.

"Figure up how much you can allow for a gift for each person and then give the amount in Thrift Stamps or War Savings Stamps," Uncle Sam says. "I need your help to assist me in meeting these expenses of \$50,000,000 I will have to pay every day for many months in taking care of our boys."

Put a porous plaster on the chest and take a good cough syrup internally if you would treat a severe case of sore lungs properly. Get the dollar size BALLARD'S HOREHOUND SYRUP. With each bottle there is a free HERRICK'S RED PEPPER POROUS PLASTER for the chest. Sold by W. H. Windrow.

All kinds of furniture repairing at Edwin F. Bendel's. All work done at reasonable prices.

The Strong Withstand the Winter Cold Better than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.

GROVE'S TASTELESS CHILL TONIC Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

Birmingham Man Threw Away Money For Seven Years But Got No Relief Until He Took Tanlac, He Says.

"I was unable to do a lick of work for four years, but Tanlac has made me as well and strong as I ever was in my life and I can do as big a day's work as anybody," said W. A. Spitzer, an employee of the Tennessee Coal, Iron and Railway Company, residing at 6707 Georgia Avenue, Birmingham, Alabama.

"About seven years ago, I began having attacks of acute indigestion. I would swell up with gas until I could hardly breathe and my pulse ran down so I was afraid my heart would stop beating. My kidneys give me no end of trouble and for four years I never saw a day that I was free from misery. I got so weak I could hardly stand and was just about done for. I reckon I have spent all of \$2500 dollars in the past six or seven years on medicines and advice, but nothing helped me."

"Well, sir, Tanlac just put me on my feet in a hurry. I can eat just anything I want now without any sign of indigestion, I am almost ashamed to eat enough to satisfy myself. I haven't a pain about me, and sleep so sound they have to wake me in the morning. I have gained twenty-one pounds, and now weigh more than I ever did."

Tanlac is sold in Hondo by W. H. Windrow.

## BOOKS FOR SOLDIERS SUPPLIED BY A. L. A.

English Camp Shows the Good Work of That Organization for Our Boys.

Something like 13,500 pieces of stationery are distributed daily among 4,000 enlisted men by Uriah B. Brubaker of Iola, Kas., as librarian at the Y. M. C. A. writing tent, Woodley Rest Camp of the American Expeditionary Forces in southern England. The number of troops at this camp varies from 3,000 to 9,000.

This single detail indicates why it is necessary for the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C. War Camp Community Service, Jewish Welfare Board and Salvation Army have to furnish 125,000,000 sheets a month for soldiers' letters.

Hundreds of books are taken out in this small camp, books furnished by the American Library Association and handled by the Y. M. C. A. Most of the demands are for a good class of fiction. Thirty American newspapers are received there daily. One hundred and fifty magazines are in use daily and 400 pieces of athletic equipment furnished by the "Y" are put to good use.

Regulate the bowels when they fail to move properly. HERBINE is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Sold by W. H. Windrow.

W. S. S. has always stood for "Wilhelm Shall Surrender" and that was what War Savings Stamps made him do. Buy War Savings Stamps now to help Uncle Sam take care of the Victory boys. These bonds pay four per cent interest, compounded quarterly.

Neuralgia of the face, shoulders, hands, or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Sold by W. H. Windrow.

## Local, Personal and Business Items from This Busy Burg

CASTROVILLE, November 28, 1918

ED. HUEHNER, LOCAL REPRESENTATIVE

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

Rain, rain and some more rain, and plenty of mud.

This is the 26th of November and we have our first frost coming; green corn, tomatoes, green peppers, lettuce, okra and green beans are on the market right here in our town. Hurrah for Texas.

The family received the sad news, through an official telegram Tuesday afternoon that Oscar Wurzbach, son of Mr. and Mrs. Louis Wurzbach of San Geronimo, was killed in France, October 25th. More particulars next week.

Married: Mr. Robert Gerloff and Miss Pauline Tondre were happily united in the holy bonds of matrimony early Tuesday morning, November 21, 1918, at St. Louis Cathedral, Rev. Father Heckman performing the ceremony. The attendants were Mr. Louis Gerloff and Miss Annie Tondre, and Mr. Frank Schmidt and Miss Adella Tondre. After the ceremony the bridal party repaired to the hospitable home of the groom's mother, Mrs. Andre Gerloff and the day was pleasantly spent in celebrating the happy event. We join in wishing the young couple a long, happy and prosperous married life.

Uncle George Haass and son-in-law, Albert Bihartz, were Castroville business visitors Monday.

A fine boy was born to Mr. and Mrs. Robert Rihm Wednesday, Nov. 27, 1918. Mother and child are doing well.

Mr. and Mrs. Adolph Schneider of Bader Settlement were shopping here Monday.

Mesdames Rosa Biediger, August Mangold and Ed. Jungman were San Antonio visitors Monday.

Fred Jungman and family were here Monday from Riomedina. Miss Josephine accompanied them home in the evening.

Otto Schmitt, our mail carrier, is on the indisposed list this week.

Miss Clara Burrell of Riomedina was brought to town Sunday to be under the doctor's treatment. She is at the home of Mrs. F. Kilhorn.

Mrs. Lizzie Kilhorn spent several days with Mr. and Mrs. Albert Tschirhart at Noonan.

Adolph Mangold and Oscar Droitcourt of San Antonio spent Sunday here with relatives.

Robert Keller returned to Camp Travis after spending several days with his wife and baby here.

Miss Ada Haby returned to her home at Riomedina after a week's visit here.

Mrs. Lena Burger and daughter, Lenora, of Bader Settlement were shopping here one day this week.

Mrs. Anton Bandry and Miss Lorine Pinn are visiting in San Antonio.

Julius Steinhardt and Oscar Millef were here from Hondo one day this week.

Mesdames Edmond Haby and Schlostaue Moehring of Bader Settlement were here during the week.

We are glad to report that Rudolph Wengenroth and Oscar Bendele and Archie Schuchart who were accidentally shot are improving.

### Passing of a Pioneer.

Monday of this week occurred the death of Mr. C. Pingnot of Cline, one of the few remaining pioneers of Uvalde county. Mr. Pingnot lacked but two months and twenty-four days of having reached his eightieth birthday. His death followed a year or more of feeble health and declining strength. The body was laid to rest in the Uvalde cemetery, the funeral being from the home of Mr. and Mrs. J. W. Reid. The services were conducted by Rev. A. W. Wilson, pastor of the Methodist church, assisted by Rev. N. W. Keith and Rev. C. F. Andrews.

Deceased is survived by his wife and three sons—John, Eddie and Celeste Pingnot, the latter being in the aviation service, was unable to be at the funeral.

Although of French birth, Mr. Pingnot came to this country in an early day and was one of those hardy men who made Southwest Texas safe for white men. He was known for the kindness and generosity of his heart and the hospitality of his home. Living near one of the main roads over which the travel passed through this section, he and his good wife fed and sheltered many weary travelers, and all who stopped there found a home and friends indeed. He was a splendid neighbor and citizen and the entire community mourns his loss. —Uvalde Leader News, Nov. 22, 1918.

The above tells of the passing of the last and youngest member of a family of three who arrived as motherless children with their father, Jean Pingnot, at Castroville in 1846, fresh from the flower fields of France. The father died many years ago and is buried in Castroville, where the children grew to manhood and womanhood. The eldest, the late Mrs. Charles de Montel, of Castroville, died at the home of her daughter, Mrs. H. B. Taylor, in August 1901, and was buried at Castroville. The other brother, the late August Pingnot, died several years ago and is buried at Bandera.

The deceased spent several years of his early manhood on a ranch in Bandera County with his brother August, but settled at his late home near Cline, in Uvalde County, many years ago where he engaged successfully in the ranch and livestock business. During the early days, he participated with other pioneers of this section in numerous scouts after the predatory Indians that infested this country, and he served creditably as a soldier in the Confederate army.

The funeral was largely attended by numerous friends of the deceased, and the pallbearers were: Judge I. L. Martin, Judge G. B. Fenley, Judge F. M. Milam, N. B. Pulliam, Walter Reid, Frank Stockley and B. Watson. The bereaved family have the heartfelt sympathy of a wide circle of friends.

One by one the pioneers of Southwest Texas are passing away and with them a store of reminiscences of their experiences more wonderful than all the inventions of romance. It is indeed true that men and women of the generation to which Mr. Pingnot belonged, through heroism and sacrifices, made this country a fit place for us to live. Green be his memory among us and peace to his honored dust.

Robert Keller returned to Camp Travis after spending several days with his wife and baby here.

Miss Ada Haby returned to her home at Riomedina after a week's visit here.

Mrs. Lena Burger and daughter, Lenora, of Bader Settlement were shopping here one day this week.

Mrs. Anton Bandry and Miss Lorine Pinn are visiting in San Antonio.

Julius Steinhardt and Oscar Millef were here from Hondo one day this week.

Mesdames Edmond Haby and Schlostaue Moehring of Bader Settlement were here during the week.

We are glad to report that Rudolph Wengenroth and Oscar Bendele and Archie Schuchart who were accidentally shot are improving.

### Quihi Quillings.

As we didn't see a letter in the last issue from the "Twin Sisters" the "Twin Brothers" decided to send in the news.

Joe J. Boehle made a business trip to San Antonio one day last week.

Otto Lindeburg, the Quihi musician, made a professional business trip to San Antonio Wednesday.

Ernest Dominick Boehle, one of the Quihi volunteers, was fishing for F. L. Boehle Thursday. Rah, Ernest, keep it up.

John A. Breiten and John Bohlen made a flying trip to the Ranch Monday.

Walter Graff and sister, Miss Minnie, Misses Lola and Ella Helmke and Miss Myrtle Hall, were seen motoring down King William street Sunday.

Joe J. Boehle was measuring the streets of Quihi Sunday. Keep it up, Joe.

Walter Brucks bagged a four pronged buck Monday.

Eddie Boehle, a student of the New Fountain high school, is progressing nicely with his studies.

Mr. and Mrs. H. B. Balzen and daughter, Miss Freda, and Miss Ella Fuos made a pleasure trip to Hondo on Monday.

Miss Laura Grell and Miss Freda Bohlen spent a pleasant evening with Ernest Grell Tuesday.

Alfred Boehle was down at Elstone (deer hunting) on Wednesday.

Alfred Breiten, the Quihi mechanic, was chasing a cow down King William street Wednesday.

Miss Lina Grell is spending the week with Mr. G. A. Grell.

#### What Would You Do?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and every one should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar.

Sometimes it looks as if Jupiter Pluvius may be trying to drown all those Texans who prayed for rain.

## Life Was a Misery

### Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . . Nothing seemed to help me until, one day, . . . I decided to

Greatly Benefited by Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y.

## SPANISH INFLUENZA

### Do Not Fear When Fighting a German or a Germ!

By DR. M. COOK.

The cool fighter always wins and there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practice the three C's: A Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels. Such a one is made up of May-apple, leaves of aloe, root of jalap, and is to be had at any drug store, and called "Pleasant Purgative Pellets."

If a bad cold develops, go to bed, wrap up well, drink freely of hot lemonade and take a hot mustard foot-bath. Have the bedroom warm but well ventilated. Obtain at the nearest drug store "Anuric Tablets" to flush the kidneys and control the pains and aches. Take an "Anuric" tablet every two hours, together with copious drinks of lemonade. If a true case of influenza, the food should be simple, such as broths, milk, buttermilk and ice-cream; but it is important that food be given regularly in order to keep up patient's strength and vitality. After the acute attack has passed, which is generally from three to seven days, the system should be built up by the use of a good iron tonic, such as "Ironite" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

### NOTICE OF SALE

Of Real Estate Under Order of Sale,  
Issued Out of

The District Court of Comal Co., Texas.

In Mrs. Rachel Landa Abrahams, vs.  
H. A. Jones and Lee Ward Sr.  
Number 1898.

Whereas, by virtue of an order of sale, issued out of the District Court of Comal County, Texas, on the 23rd day of October 1918, in cause No. 1898, entitled Mrs. Rachel Landa Abrahams vs. H. A. Jones and Lee Ward Sr., on a judgment rendered in said court on the 16th day of September 1918 in favor of Mrs. Rachel Landa Abrahams against said H. A. Jones and Lee Ward Sr., said judgment being in the sum of Twenty-one hundred and fifty-one dollars and eighty-three (\$2151.83) cents, with interest at the rate of eight (8) per cent per annum, from the 10th day of September 1918, and costs of suit amounting to twenty-three dollars and five (\$23.05) cents, and the additional amount of costs accruing in the execution of this writ, I did, on the 30th day of October, 1918, at 9:30 o'clock a.m., levy upon the following described property and land situated in Medina County, Texas, belonging to said H. A. Jones, to-wit: Situated in Medina County, Texas, consisting of two (2) tracts of land aggregating about three (3) acres of land out of Survey No. 800, Certificate No. 246, Abstract No. 666, patented to Timothy Montier, and more particularly described as follows, to-wit: First Tract, Beginning at the N. W. corner of a tract of land of 186 $\frac{1}{2}$  acres sold to W. E. Newton by J. M. Kigore, guardian, on the 9th day of May 1896 by deed recorded in Book "A", No. 28, page 278 of the deed records of Medina County, Texas, for the N. E. corner of this lot; thence W. 209 feet to a stake for the N. W. corner of this tract; thence S. 209 feet to a stake for the S. W. corner of this tract; thence E. 209 feet to a stake on the W. line of said Newton tract for the S. E. corner of this tract; thence North along the West boundary line of said Newton tract to the place of beginning. Second Tract: Beginning at the S. E. corner of a tract of land of one (1) acre sold to John Muenink and Fritz Faseler by J. M. Kigore, guardian, on the 11th day of March 1899, for the N. E. corner of this tract; thence S. 244 feet to a stake for S. E. corner of this tract; thence W. 260 feet to the S. W. corner of this tract; thence N. 453 feet to the N. W. corner of this tract; thence E. 51 feet to a state, the N. W. corner of the Gin Property, for the N. E. corner of this survey; thence S. 209 feet along the West boundary line of the Gin property to its S. W. corner; thence E. 209 feet to the place of beginning, the N. E. corner of this tract, said property lying in the town of Yancy, and being known as the Yancy Gin Property, and said property lying South of the City of Hondo in Medina County, Texas; and on the 3rd day of December, 1918, same being the first Tuesday of said month, between the hours of 10 o'clock a.m. and 4 o'clock p.m. on said day, at the court house door of said Medina County, Texas, in the City of Hondo, Texas, I will offer for sale, and sell at public auction for cash, all the right, title and interest of said H. A. Jones and Lee Ward Sr., in and to said property, and I will apply the proceeds of said sale, to the payment and satisfaction of said herein before described judgment.

Dated at Hondo, in Medina County, Texas, on this 30th day of October, 1918.

### BACK GIVES OUT.

Plenty of Hondo Readers Have The Experience.

You tax the kidneys — overwork them —

They can't keep up the continual strain.

The back may give out — it may ache and pain.

Urinary troubles may set in.

Don't wait longer — take Doan's Kidney Pills.

Hondo people can tell you how they act.

Thus, McCall, carpenter, says: "A short time ago I came down with an attack of Kidney trouble. My back ached so severely I could hardly stoop over or lift anything and this made it difficult for me to do my work. Doan's Kidney Pills, procured at Windrow's Drug Store, helped me right away and two boxes removed the trouble. I am glad to recommend Doan's Kidney Pills to others suffering from disordered kidneys."

Price 60c, at all dealers. Don't simply ask for kidney remedy — get Doan's Kidney Pills — the same that Mr. McCall had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### PENALTIES IMPOSED BY FOOD ADMINISTRATION

Francisco Garcia, a retail merchant of Laredo, Texas, has voluntarily agreed to close his store for ten days, October 27 to November 6, inclusive, as evidence of his regret for having sold lard in wholesale quantities without a wholesaler's license.

Cruz De Santiago of Laredo, Texas, has had issued against him an order prohibiting all dealers from buying from, selling to, or making any sale or agreement for the sale of sugar, flour and lard, directly or indirectly, from October 20, 1918, until November 14, 1918, by order of Mr. Herbert Hoover, U. S. Food Administrator.

W. A. Morgan & Brothers of Plum, Texas, voluntarily closed their store for two days, October 22 and 23, in lieu of having their source of supplies cut off temporarily, as a penalty for profiteering in sugar. The unwarranted sales appear to have been made by an inexperienced clerk and not by a member of the firm.

Juan Bous, a retail merchant of Brownsville, has been found guilty of selling lard in wholesale quantities without a wholesale dealer's license, and has consented to close his store for a period of twenty days from October 20 to November 8, inclusive.

For violating the baking rules of the United States Food Administration, the Prospect Hill Bakery of San Antonio was closed for the week of October 20 to October 27, inclusive.

The Alamo Bakery of San Antonio has been penalized by the Food Administration for violation of the baking rules for the period of four days, beginning October 13.

C. H. Boyd, manager of the Atlantic & Pacific Tea Company, Fort Worth, has contributed \$25 to the Red Cross as evidence of his regret of violation of the sugar conservation rules. It appeared that the rules of this company do not sanction such violations of the Food Administration rules and Mr. Boyd requested the privilege of making amends as above indicated.

The case is to remain on file subject to reopening if lack of co-operation in the future is indicated.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

### MEAT PRODUCERS DID FULL DUTY

Increase in American Hogs Will Help to Meet World Fat Shortage.

### FARMERS SAVE SITUATION.

Government Justified in Stimulation of Pork Production—Sevenfold Increase Over Pre-War Exports.

Through increased production and conservation we will be able this year to export seven times our pre-war average exports of pork products. With the heavy demands added in caring for the millions who have been freed from German oppression, the Department of Agriculture and the Food Administration are justified today in our every action of stimulation of hog production. In the coming year the greatest world shortage will be in fats, and pork will help to save this situation. The efficacy of the policy of stimulated production has built up in this country supplies which will enable us to supply a very large part of the fat deficiency of the world. In beef there must be a shortage in Europe, due largely to limited refrigeration ship capacity. All freezer ships available, however, will be filled by America, Argentina and Australia.

The contribution made by the producers of this country to the war program as applying particularly to animal food products is illustrated by the following:

Reports compiled by the U. S. Department of Agriculture indicate an increase in cattle of 10,238,000 head and 12,441,000 hogs. These figures were compiled to January 1 last.

In this period there was a decrease in sheep of 819,000 head. The indications are that this decrease will show an increase, according to recent reports.

Since January 1 unofficial information indicates an increase in hogs of not less than 8 per cent, and not more than 15 per cent, as compared with one year ago, with an increase in the average weight.

Following the request of the U. S. Food Administration for an increase in hog production for marketing in the fall of 1918 and the spring of 1919 the increase may yield not less than 1,600,000 pounds more of pork products than were available last year. Without this increase the threshing program arranged by Mr. Hoover regarding animal food products would have been impossible.

The dressed hog products during the three months ending September 30, 1917, amounted to 903,172,000 pounds, while for the corresponding months of 1918 the dressed hog products totaled 1,277,589,000, an increase of over 374,000,000 pounds for the quarter.

During the same period for 1917 the records of inspected slaughter of dressed beef showed 1,263,000,000 pounds as against 1,454,000,000 pounds for the three month period ending September 1, this year.

### America's Pledge of Food Gave Heart to the Allies In Their Darkest Hour

Whatever is necessary America will send. That was America's pledge to the interallied food council. And because the American food army had hitherto made good they took heart and went forward.

Farm enterprise and much soft corn increased pork supplies, food conservation increased exports—total shipments doubled.

FAITH JUSTIFIED BY EVENTS.

I do not believe that drastic force need be applied to maintain economic distribution and same use of supplies by the great majority of American people, and I have learned a deep and abiding faith in the intelligence of the average American business man, whose aid we anticipate and depend on to remedy the evils developed by the war.—Herbert Hoover, August 10, 1917.

## PEACE DOES NOT STOP EXPENSES OF GOVERNMENT

ALL MUST CONTINUE TO BUY  
WAR SAVINGS STAMPS AS  
WELL AS PAY W.S.S.  
PLEDGES ALREADY  
MADE.

The Government has made public  
the following facts which will be of  
interest to all Americans and  
pleased to use freedom from war  
no longer to cover expenses.

1. The saving of the American  
and Canadian people does not mean  
that the Government's war expenses  
have stopped. Every day the money  
to cover the Government's war costs  
is spent on account of the cost of a  
flag, or \$1,000,000 a month to  
the cost of a soldier and sailor  
and other expenses caused by  
the war. It will probably be nec-  
essary to take care of soldiers and  
sailors for another year at least  
as this is the best time in which de-  
mobilization can be made.

2. Every person must be prepared  
to pay expenses and no expenses as  
he was during the period of actual  
war, because every one must still  
contribute to lend all the money he  
can to the Government.

3. Every person must be prepared  
to meet personally and before  
maturity, if possible all War Savings  
Stamp Pledges are binding personal  
obligations and the payment of every  
one is expected by the Government  
which will take all necessary steps  
to collect.

4. So great will expenses be for  
the next year that the Government  
points out the necessity and duty of  
every person investing in more War  
Savings Stamps than he pledged.

5. All reports that the ending of  
the war has done away with the  
necessity of lending all available  
savings to the Government are false. All  
must continue to lend the Govern-  
ment money, and the cashing of War  
Savings Stamps already bought, save  
in cases of dire necessity, will be  
considered as withdrawal of faith and  
lack of support of the Government.

## AMMUNITION BILL IS CUT BY PEACE, OTHER EXPENSES GOING ON

So far as costs incident to the war  
are concerned, the only expense that  
peace will save the Government is  
that of ammunition. All other costs  
the feeding and taking care of sol-  
diers and sailors, the completion of  
pacts and other contracts already let  
and promises to go on by month  
and the Government looks to every  
good American to help pay these nec-  
essary expenses by saving his money  
and investing regularly in War Sav-  
ings Stamps.

The expense that peace has cut  
and that of ammunition—powder and  
lead, is small compared to the other  
items. The United States Govern-  
ment will have to spend in the neigh-  
borhood of \$10,000,000 every twenty  
days in taking care of its fight-  
ers and meeting the expenses of the  
war.

The Government calls upon every-  
one to continue steadfastly in the  
practice of personal economy and to  
purchase War Savings Stamps to the  
limit of his ability that these ex-  
penses and costs may be met.

American soldiers and sailors  
have kept their pledge." It is pointed  
out, "Every civilian must keep his  
pledge to invest in War Savings  
Stamps. Such pledges are binding  
personal obligations and all necessary  
steps to assure their liquidation will  
be taken."

## EXPRESS YOUR THANKS IN — W.S.S.

Peace has come. The war is over.  
You say you are thankful. How,  
then, are you going to show your  
thankfulness and appreciation?

Are you content to express your  
gratitude in a few shouts, a lot of  
gesticulating talking?

If you are really thankful, if you  
appreciate victory, if you are really  
worth the big fight that the boys from  
home have put up for you, then show  
it like an American should.

Go down to the postoffice or the  
bank and buy those War Savings  
Stamps you pledged. The boys from  
home have kept their pledge. Be sure you don't  
delay in keeping yours.

Express your appreciation in War  
Savings Stamps.

The Government has to spend about  
\$5,000,000 daily to take care of those  
fighting boys of ours and if you ap-  
preciate victory and the work those  
fighters have done you will have to  
show it by lending to your Govern-  
ment which is now calling upon you.  
Get those War Savings Stamps.

## Do That Cheering When You Have Bought W.S.S.

August Poerner.

The sad news reached D'Hanis last  
Friday morning that August Poerner  
had been killed in action in France  
October 8th.

August was a member of Company  
C, 141st Infantry, 36th Division, trained  
at Camp Bowie.

Deceased was born in D'Hanis, February  
9th, 1896, the son of Mr. and Mrs. Rudolph Poerner. Besides his  
parents he is survived by three sisters,  
Miss Ida Poerner, Mrs. Richard Prince  
and Miss Dora Poerner, and two brothers,  
Henry and Paul Poerner of D'Hanis.

He was a quiet, industrious young  
man who numbered his friends by his  
acquaintances.

We sincerely join this entire community  
in sympathy with the bereaved  
and grief-stricken family.—E Hanis Star.

### The Youth's Companion Calen- dar for 1919.

The Publisher's of The Youth's Com-  
panion will, as always at this season,  
present to every subscriber whose sub-  
scription is paid for 1919, a Calendar  
for the new year. It is a gem of cal-  
endar-making. The decorative mount-  
ing is rich, but the main purpose has  
been to produce a calendar that is use-  
ful, and that purpose has been achiev-  
ed.

Agent Tin foil.

We are requested to state that as  
the government emergency for tin foil  
has passed the Red Cross has stopped  
its collection. However, any one having  
tin foil that they would like to do-  
nate to a useful cause can leave same  
with Mrs. F. S. Cockrell, as she is  
making a collection for the benefit of  
the Mothers' Club.

### At the Baptist Church.

Rev. Mr. Holloway of San Antonio  
will be here tomorrow (Sunday) and  
will conduct services at the Baptist  
Church at both the morning and even-  
ing hours.

The public is cordially invited to at-  
tend these services.

### Notice to Members.

Sons of Herman Lodge No. 236 of  
Hondo will hold a regular meeting and  
election of officers Sunday, December  
8th. All members are requested to be  
present.

No Worms in a Healthy Child

All children troubled with worms have an un-  
healthy color, which indicates poor blood, and as a  
rule, there is more or less stomach disturbance.  
GROVE'S TASTELESS CHILLI TONIC given regu-  
larly for two or three weeks will enrich the blood, im-  
prove the digestion, and act as a General Strength-  
ening Tonic to the whole system. Nature will then  
throw off or dispel the worms, and the Child will be  
in perfect health. Pleasant to take. 6c per bottle.

LEMONS WHITEN AND  
BEAUTIFY THE SKIN

Make this beauty lotion cheaply for  
your face, neck, arms and hands.

At the cost of a small jar of ordinary  
cold cream one can prepare a full quar-  
ter pint of the most wonderful lemon  
skin softener and complexion beautifier,  
by squeezing the juice of two fresh lemons  
into a bottle containing three ounces  
of orchard white. Care should be taken  
to strain the juice through a fine cloth  
so no lemon pulp gets in, then this lotion  
will keep fresh for months. Every  
woman knows that lemon juice is used  
to bleach and remove such blemishes as  
freckles, sallowness and tan and is  
the ideal skin softener, whitener and  
beautifier.

Just try it! Get three ounces of  
orchard white at any drug store and  
two lemons from the grocer and make up  
a quarter pint of this sweetly fragrant  
lemon lotion and massage it daily into  
the face, neck, arms and hands. It is  
marvelous to smoothen rough, red hands.

These are just a few of the items,  
all of them absolutely necessary for  
the soldiers, which have to come out  
of that \$50,000,000 a day.

The Government must have the  
money to take care of these men.  
They gave up everything to go to  
France to fight and risk their lives  
to gain peace. They have won peace.  
Are the people of Texas going to let  
these soldiers go hungry, cold and  
without clothing now?

That War Savings Stamp Pledge  
is a binding obligation. Every un-  
paid War Savings Pledge, bearing  
the signed agreement of the pledger,  
is held for collection by a designated  
agent of the United States Treasury  
Department.

All necessary steps to bring about  
the liquidation of these pledges will  
be taken, but in addition to paying  
their pledges, the Government points  
out that it requires the assistance of  
all to meet the heavy expenses that  
are upon it and everyone is urged  
to buy War Savings Stamps regularly  
and as often as possible, and in  
addition to those already pledged.

War Savings Stamps now mean  
food and clothing for United States  
soldiers. They must have these  
things.

THE MANAGEMENT.

The management wishes to make the  
service meet the demands of the public.

To that end it offers the co-operation  
of its several departments. The new  
rates, freight and passenger, will very  
likely create opportunity for such co-  
operation and the officials of the traffic  
department, at all points, will gladly  
render every assistance possible cover-  
ing the application or interpretation of  
these rates that patrons be subjected to  
a minimum degree of delay or incon-  
venience in the handling or routing  
of business over these lines or connec-  
tions.

S. Government War Savings Stamps  
you pledged yourself to get.

## MUST INCREASE FOOD EXPORTS

America Called on by End of  
War to Supply Added  
Millions.

### ECONOMY STILL NEEDED.

Over Three Times Pre-War Shipments  
Required—Situation in Wheat and  
Fat Proves Government's  
Policy Sound.

With the guns in Europe silenced,  
we have now to consider a new world  
food situation. But there can be no  
hope that the volume of our exports  
can be lightened to the slightest de-  
gree with the cessation of hostilities.  
Millions of people liberated from the  
Prussian yoke are now depending  
upon us for the food which will keep  
them from starvation.

With food the United States made  
it possible for the forces of democ-  
racy to hold out to victory. To insure  
democracy in the world, we must con-  
tinue to live simply in order that we  
may supply these liberated nations of  
Europe with food. Hunger among a  
people inevitably breeds anarchy.  
American food must complete the work  
of making the world safe for democ-  
racy.

Last year we sent 11,820,000 tons of  
food to Europe. For the present year,  
with only the European Allies to feed,  
we had originally pledged ourselves to  
a program that would have increased  
our exports to 17,500,000 tons. Now,  
to feed the liberated nations, we will  
have to export a total of not less than  
20,000,000 tons—practically the limit  
of loading capacity at our ports. Re-  
viewing the world food situation, we  
find that some foods will be obtainable  
in quantities sufficient to meet all  
world needs under a regime of eco-  
nomic consumption. On the other  
hand, there will be marked world  
shortages in some important commodi-  
ties.

### Return to Normal Bread Loaf.

With the enlarged wheat crops  
which American farmers have grown,  
and the supplies of Australia, the Ar-  
gentine and other markets now acces-  
sible to shipping, there are bread  
grains enough to enable the nations to  
return to their normal wheat loaf,  
provided we continue to mill flour at  
a high percentage of extraction and  
maintain economy in eating and the  
avoidance of waste.

In fact there will be a heavy short-  
age—about 3,000,000,000 pounds—in  
perishable products, dairy products and  
vegetable oils. While there will be a  
shortage of about three million tons  
in rich protein feeds for dairy animals,  
there will be sufficient supplies of  
other feedstuffs to allow economical  
consumption.

In the matter of beef, the world's  
supplies are limited in the capacity of  
the available refrigerating ships. The  
supplies of beef in Australia, the Ar-  
gentine and the United States are suf-  
ficient to load these ships. There will  
be a shortage in the importing coun-  
tries, but we cannot hope to expand  
exports materially for the next months  
in view of the bottle neck in trans-  
portation.

We will have a sufficient supply of  
sugar to allow normal consumption in  
this country. If the other nations re-  
turn their present short rations or in-  
crease them only slightly. For the  
countries of Europe, however, to in-  
crease their present rations to a ma-  
terial extent will necessitate our shar-  
ing a part of our own supplies with  
them.

### Twenty Million Tons of Food.

Of the world total, North America  
will furnish more than 60 per cent.  
The United States, including the West  
Indies, will be called upon to furnish  
20,000,000 tons of food of all kinds as  
compared with our pre-war exports of  
about 6,000,000 tons.

While we will be able to change our  
program in many respects, even a  
casual survey of the world supplies re-  
veals that the present short rations or in-  
crease them only slightly. For the  
countries of Europe, however, to in-  
crease their present rations to a ma-  
terial extent will necessitate our shar-  
ing a part of our own supplies with  
them.

### To Preserve Civilization.

At this moment Germany has not  
alone sucked the food and animals  
from all those masses of people she  
has dominated and left starving, but  
she has left behind her a total wreck-  
age of social institutions, and this  
mass of people is now confronted with  
absolute anarchy.

If we value our own safety and the  
social organization of the world, if we  
value the preservation of civilization it-  
self, we cannot permit growth of this  
cancer in the world's vitals.

Famine is the mother of anarchy.  
From the inability of governments to  
secure food for their people grows  
revolution and chaos. From an ability  
to supply their people grows stability  
of government and the defeat of an-  
archy. Did we put it on no higher  
plane than our interests in the pro-  
tection of our institutions, we must  
bestir ourselves in solution of this  
problem.
